## MORMON SENSATIONS.

The Temple Struck by Lightning Another Widow Gone—Earthquakes—Etc.

SALT LAKE CITY, August 17.—This morning at 3 o'clock the Mormon Temple at St. George, southern Utah, was struck by lightning, which demolished the dome, blackened the ceiling and tore up the floors and plastering. The amount of damage is not known, as an effort is being made to conceal it. This makes the third temple struck by lightning since the organization of the Mormon church. The first was at Kirtland, Ohio; the second at Nauvoo, Illinois; and the third at St. George. When the temple at Nauvoo was struck, Joe Smith attributed it to the wrath of the Lord for the wickedness of the Saints. The Gentiles think the same reason will hold good in the present instance.

On Thursday Amelia Folsom, Brigham Young's favorite wife, was married in the Salt Lake Endowment House to John Leavitt, general passenger agent of the Utah Central railroad. Amelia is his second affinity. There are yet sixteen sorrowing widows in the harem.

An attempt was made to "blood stone" an apostate Mormon at Brigham City on Monday, and the Mormon Probate Court is trying to cover the crime up.

There were three distinct earthquake shocks felt at Cave Creek, Southern Utah, yesterday morning. No damage was done further than the breaking of windows and dishes.

At Bear River City, Utah, yesterday Peter Christensen was drowned while bathing.

An affray occurred to-night about 10 o'clock on the Desert National Bank corner, in this city, in which James Wilson fatally stabbed James Wyatt, inflicting five wounds in the left breast and left arm. Wyatt is dying and Wilson is under arrest. Whiskey was the cause of the fracas.

The strange phenomenon of a rainbow by moonlight was witnessed in this city at half-past 9 o'clock last night.

### Kearney and Marble.

General Dennis Kearney having complained in Boston of a lack of language to express his ideas, the Graphic insists that Mr. Manton Marble, late of the New York World, should "whack up" with him, the latter having more words than he knows what to do with. Says the Graphic: "Many people have things which they cannot use, but which others, standing in urgent need of, cannot obtain. This is one of the mysterious phenomena of life. Here, for instance, is Dennis Kearney. He says he has at command only three or four hundred words. Then he proves what he says. Manton Marble knows, out of a language of 80,000 words, not less than 140,000. Kearney is boiling over with ideas which he cannot express with any versatility. The grand and noble thought that the capitalist is generally a lecherous whelp and a thieving vampire cannot be expressed too often, but it ought to be said in different ways. After it has been uttered two hundred times in the very same language it becomes, perhaps, slightly monotonous. Now, Mr. Marble can, if he will, piece out and supplement Kearney. At present he has an embarrassment of lingual riches—adverbial gulches and adjectival bonanzas that he really does not know what to do with. Unlike Kearney, he is intermittent. The Californian spouts incessantly, but Mr. Marble is a mild geyser, who has a spurt of rhetoric only once in many weeks. Kearney needs his vocabulary. Indeed, he must have it or run dry. 'Serpent-like, slimy imps of hell' is an able and delightful epithet to apply to newspapers thirty or forty times, but is liable, if used too much, to lose its force, if not actually to break the force of the argument. Will Marble come to the rescue of Kearney?"

### A War Cloud in Chile.

New York, August 17.—Dates from Panama are to the 7th. Advice from Chile state that the banks have suspended specie payments, owing to their being drained of gold by the government to carry on war with the Argentine Republic, which it is expected will be declared soon. The Bank of Mogna has failed; liabilities, twelve million soles. Messrs Riesco & Co., of Chile, have suspended; liabilities \$400,000. There is great excitement in Lima, on announcement of the suspension of specie payments by the banks in Chile.

### Says the Philadelphia Times:

Beecher goes West with his strained capitalistic logic and Kearney comes East with his loose ideas of commuism. This, thinks the San Francisco Call, is as it should be. The European bullet plan that is casting its shadow over the Pacific slope may have the props knocked from under it by the one, while Kearney may do some good in the other direction.

## THE TULLIS MURDERERS.

Tom Lawton, the Chief Assassin, Still at Large.

SACRAMENTO, August 17.—There is nothing new in the Tullis murder case except the endeavor of District Attorney Blanchard to exculpate himself for having promised immunity to Troy Dye, the principal in the assassination plot, on condition of his making a confession that would secure the conviction of his confederates. Owing to the indignation manifested by all classes of citizens, Blanchard now claims that he did not at first think that Dye was the chief criminal, though believing that he "had indiscreetly allowed himself to become possessed of knowledge of the affair, including the building of the boat at his house, which if he would disclose, would lead to the detection of the chief murderers." Blanchard says that he will not disregard the promise made and will not use the confession, but depend for Dye's conviction upon the voluntary statements of Anderson and the corroborating circumstantial evidence.

### TOM LAWTON,

who shot and killed Tullis, is still at large. Numerous parties have been arrested on suspicion of complicity in the crime, but all have been released.

Among the number were Lawrence Miller, Dye's nephew, and a candy manufacturer on J street. The latter on suspicion of having driven Lawton out of town in a wagon. Extra guards were placed in the court-house last night, as an attack was hourly anticipated. So careful were the officials inside that the jail doors were closed to all comers after dark. There is no further apprehension of mob violence and the law will probably take its course. Many houses in which Tom Lawton was supposed to be hiding have been thoroughly searched, but thus far no trace of his whereabouts has been discovered. He was last seen here on Saturday night. Dye had visited him several times previous to his arrest, and that is probably one reason why Lawton left the town, as he repeatedly told Dye to stay away and let him alone, saying that "such foolishness will give the whole business away."

Sheriff Drew desires attention to be drawn to the rewards offered for the capture of Lawton. He says the captor will get one-third of the \$1000 offered by citizens and \$500 offered by the Governor. He adds that a sister of Tullis at the East has telegraphed that she will give \$1000 for the capture of Lawton.

### DESCRIPTION OF THE MURDERER.

"Dick," who is known here as Tom Lawton, is aged about 30 years. Lawton came to Sacramento about one year ago; has lived about Santa Clara. He is five feet, six or seven inches in height, of dark complexion, with deep set, small, sharp black eyes, has a small hand and foot, a retreating mouth, and walks very erect. His habits of dress are characterized by neatness. He had, when last seen, a black mustache, but no beard. It is known that since the arrest of Dye he has shaved his mustache off. It is rumored that he went by the name of Black in Santa Clara.

### The Tragedy at Roseburg, Oregon.

PORTLAND, August 17.—The following additional particulars have been received here of the double tragedy at Roseburg. William D. J., formerly of Salem, married, in Douglas county, a lady named Woodward. It is reported that he had recently found attraction in a cyprion, and his wife left him. On Wednesday evening he visited the residence of his wife's father to see his child, and left, going along the main street of the town. A few rods from the house he met his wife's brother, J. Woodward, when an angry altercation took place, during which Woodward, suddenly drew a knife and plunged it twice into the breast of Dye. The latter person, quicker than thought, after he was stabbed, drew a pistol and shot Woodward, both falling to the ground dead.

### Murder and Suicide.

St. Louis, August 17.—A terrible tragedy was enacted at the Grand house shortly after 1 o'clock this afternoon. Joseph Colcord, an ex-member of the Legislature, shot a woman, said to be his mistress, named Lettie Smith, with whom he was living at the Girard house, and then shot himself. The woman received three wounds. Colcord was hit in the right temple. Both died almost instantly. Jealousy and whisky are thought to be the cause of the act. Colcord was a very disreputable man for many years, and it is stated forced his wife to leave him after which he took up with this woman.

## Yellow Fever.

The plague is traveling northward at a rapid rate. A Washington date of August 17th, says: There is no longer any concealment of the apprehensions felt here by both officials and private persons at the rapid advance of yellow fever. Effect has been given to those apprehensions in Norfolk, (Va.) by a determination of the health authorities there last evening, to establish the most rigid quarantine against all infected districts. The officers of railroads connecting with that city have accordingly been notified that neither baggage nor passengers from Memphis or any infected locality will be permitted to enter Norfolk or Portsmouth. The stringency of the harbor quarantine has also been greatly increased and steps are now being taken to clean the city. In Baltimore, while no change is being made with respect to quarantine, the city is being thoroughly cleansed and disinfected and the most careful precautionary measures are being taken to prevent the appearance of the plague. The weather for a number of weeks back has been particularly favorable for the approach of the disease, owing to the almost incessant rainfall and to the muggy atmosphere. The fact that a schooner crew coming from Cuba lies dead and dying at the breakwater, near Cape May, increases the alarm.

## SPECIAL NOTICES.

### Don't Forget It.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, OSBORN & SUGEMAKER.

At Osborn & Shoemaker's you can buy Cocoa Cream for the hair, at 25c. a bottle. Jockey Club hair oil at 25c. a bottle. Sun Flower hair oil at 37½c. a bottle. ## HARDLY JUST.

A cotemporary recently urged the adoption of tests which should exclude members of the Workingmen's faction from voting at the primaries. The proposition was no doubt made with good motives, but we doubt its advisability or justice. There are many men who were formerly identified with this order, and whose names are possibly on the roll still, who take no part in the objectionable features of the order. These men are still good Democrats and Republicans. They should not be estranged, or deprived of privileges because of a hasty act which has been followed by repentance. Those men who have created the disturbance, and still persist in their disorderly opinions, are well known and can be excluded from the primary. It would be unwise, however, to make general provision which should exclude good citizens with the irresponsible and riotous few. There are some men in the faction who are not worthy of citizenship until they experience a change of heart and occupation. There are others who have labored for the improvement of this community, and are to-day ready to protect property against their riotous associates. Still they are on the roll. These two classes should be carefully separated. The rash ones should be rewarded for their foolish conduct, but no good citizen who is willing to take a strict test, should be deprived of his privileges. This question is important for the committees to consider, and we hope they may treat it wisely. The primaries must be protected, but we should avoid injustice.

## THAT CONTRACT SYSTEM.

The San Francisco Chronicle has this to say in regard to the late increase of freight rates by the Pacific railroad companies.

The recent pronouncement of the Pacific railroad despotism making an enormous advance in the regular rates of freight between the Pacific coast and the East, with the design of driving shippers into contracts at special rates, binding them to give their patronage exclusively to the railroad companies, has created much consternation and tended to the serious derangement of business plans and prospects in this city. The range of freights heretofore was in the following ratio: By railroad, \$1 75 to \$2; by the Isthmus, \$1 50; by sailing ships, 50 cents per hundred weight. To secure a reasonable tariff on goods that are necessarily shipped for speedy delivery, to accommodate the requirements of trade and the conditions of the markets, merchants are driven into contracts compelling them to ship by railroad classes of goods that have never been carried heretofore otherwise than in sailing ships, at low rates; and the railroad tariff on some of these goods would amount to a prohibition of importations. It is not surprising that Leland Stanford should hasten to relieve his company of the imputation of complicity in this outrage by sending a dispatch to Sidney Dillon, President of the Union Pacific. There is a belief prevalent that when Mr. Stanford put his signature to such a dispatch he was aware that it was a bare mockery; that the Central Pacific and Union Pacific companies were in entire harmony in the conception and carrying out of the scheme, and that the villainous system of special contracts had already been imposed upon San Francisco merchants. This policy was inaugurated in May last, when the wool dealers were compelled to abandon all shipments by water, subjecting the trade to enormous monopoly in a corresponding measure. As soon as the new clip of wool commenced arriving in May last, letters were sent out from the freight department of the Central Pacific railroad company, notifying dealers that thereafter the rate of freight on all wools would be \$2 75 per hundred pounds—unless a contract was signed binding the dealers to give all their freight to the railroad company, when a reduction would be made to \$2 per hundred pounds. The buyers were caught and forced into entering into contract.

All accounts from the yellow fever region along the Mississippi concur in picturing a very sad state of affairs. We give a sample:

A dispatch from Grenada, Miss., of the 17th inst., says: "The scenes in this plague-stricken town for the last twenty-four hours beggar description. The strongest men and women, helpless children are sick, dying, or dead. It is pitiful, indeed, to see entire families prostrated and swept away in a few brief hours. The official death list for the past twenty-four hours is seventeen. The population has decreased to a little over 200 whites."

## EDITORIAL NOTES.

Says the Cherry Creek Independent: "The one great affliction under which the Renocites labor is the tramp curse and the workingmen's organization. Not but what the last order could be all right within itself, but it has made a raid on Chinatown and the Chinese, until the place is patrolled night and day, and the midnight larks have it decidedly unhealthy." This is a trifle inaccurate. We have fired the tramps out and he rusticates in Truckee. The workingmen are quiet, all except their would-be leaders. They did not raid on Chinatown, but threatened it instead. We have no larks, except meadow larks, and with these few amendments the Independent is conspicuously exact.

The Elko Independent is growing peevish, and in a pouting mood mutters this:

On the eve of every general election which has occurred since the admission of the "battle-born State," the Republican journals have trotted out that intelligent old Democratic fraud "who has lately been traveling over a large portion of the State."

The gist of the objection is directed against the word "intelligent," and the Independent implores us with tears in his eyes to call him "phool" instead. Anything to please you, sir; but you ought to follow Democratic doctrine more closely. Assume a virtue if you have it not.

Owens, of the San Jose Mercury, says there is much nonsense in the college idea of physical culture. He objects, particularly and strenuously, to rum sweats, and, in fact, rails bitterly at the entire system. But stop. When the large man with hard hands enters the Mercury office and asks for the editor, what does Owens say? He replies that the editor is in the gymnasium swinging Indian clubs, and toying with an 80-pound dumb-bell—that physical training is his hobby and in boxing he has no superior.

We think that the Lyon County Times is in error when it says that Connor's name is no longer mentioned at this end of the State, as it is generally conceded that the Republican candidate for Governor will come from Storey, and that it shall be either Tyrrell, Batterman or Daggett.

We regret very much the misfortune which has overtaken Messrs. Booth & Hart, of the Austin Reville. We understand the paper will be issued in form of half-sheet to-day. We shall be glad if we can extend the Reville any courtesy in its time of trial.

## JOTTINGS.

—G. W. H. Budden, the Reno photographer, is now in Carson.  
—The iron bridge is being replanked in a very substantial manner.  
—The weather is becoming hotter, and the fist of Reno is shaken at the sun.  
—Judge Richardson and Constable Barlow will probably return this evening from their jaunt to the lakes.  
—Mrs. W. F. Edwards departed for Truckee this morning on a visit to her parents. She will be gone several weeks.  
—Dave McFarland, of the Arcade, accompanied by Mrs. McF., left for a Lake Tahoe for a week's stay this afternoon.  
—L. P. Walker and wife accompanied by four other married roisters and their superior fragments, about ten days ago started off for Bagley's in Clover valley to desert themselves for a season. They had a good time and caught lots of trout.  
—Simpkins, the man who cut his throat the other day will be so far recovered in a day or two as to leave the county hospital. He denies that any lady had anything to do with his attempt upon his life. Business troubles were alone responsible for it.  
—At the workmen's meeting on Saturday night, several of the speakers expressed dissatisfaction with the course of their organ, the Journal. The old complaint was made that the devil himself couldn't tell on which side of the fence the little flopper and journalistic contortionist stood at any given moment.

Bitten by a Rattlesnake.  
It is said that a prominent Democratic citizen now off on a camping expedition in Grizzly valley, had an adventure with a rattlesnake on Saturday last. The reptile bit the gentleman and then instead of sliding away stayed around camp, acting in an absurd manner, playing with his rattles such lively airs as "Come Landlord fill the Flowing Bowl," and "Here's to Good Old Whisky, Drink it Down." The gentleman caused the silly snake to be killed and merely remarked with calm conviction that it always seemed to him best to keep the system in a proper state of preparation for such emergencies.

A Pair of Beauties.  
The GAZETTE reporter, who drew attention to the fact that J. C. Hagerman was for political purposes wearing a pair of shocking bad breeches is pleased to inform the voters of the State that the gentleman has now arrayed himself in a pair of underthe-belts that would add beauty and grace to the Prince of Wales.

Back from the Woods.  
A camping party consisting of H. W. Stewart and wife, W. W. Coffin and wife, J. W. Phipps and Nelson Coffin returned this morning from a camping trip to Grizzly, Clover, Sardinia, Sierra and Feather River valleys, looking sunburnt and very healthy.

## LOUDERDALE'S LEAP

### From a County Hospital Window.

He Dies in a Few Hours—But the Matter Has Been Kept Quiet—A "Gazette" Reporter Works the Case Up.

On the 2d of the present month a man named E. A. Louderdale, a patient at the county hospital, died there. He had been admitted on July 27th. The report got around town that the man on the night of his death, had leaped from a second-story window and killed himself. As the readers of the GAZETTE may remember it was stated at the time that a reporter of this paper asked Dr. Bishop, the County Physician, about this rumor, and the doctor said there was no truth in it; that the man had died of dilerium tremens, and had not jumped from a window. Louderdale was buried by Sanders & Neal, the undertakers, and it is highly probable that his name would never have been mentioned again but for the receipt at this office of the following letter:

"EDITOR GAZETTE:—I noticed the account that came out in the GAZETTE of the death of E. A. Louderdale. I was sick and in the hospital at the time the strange man came there. He was suffering from fever and bowel complaint. It was two days before the doctor was sent for. Louderdale was locked in a close room on the night of August 2d. The room had one window. Thirty minutes afterward he was found on the ground among a pile of stones, all cut and bruised. I, myself, helped to carry him in. He died in two hours afterwards. When carried in he was wrapped in a mattress and heavy blankets and bound with a rope, and thus remained until dead. His teeth were broken by the fall. There were several gashes on his body, and one near the temple."

The letter goes on to make reflections upon the treatment which the patients receive at the hospital, which have no bearing upon this particular case. It is properly signed with the writer's own name, and it has been ascertained that he was a patient in the hospital at the time he states.

### WHAT A REPORTER LEARNED.

To-day a GAZETTE reporter visited the county hospital and sought Mr. Bowen, who is in charge. He was told the object of the call, and given the substance of the letter published above. Mr. Bowen at once guessed the writer, and showed a strong inclination to tell all he knew that was bad of him. The writer of the letter, Mr. Bowen said, had staid there at the expense of the county, while several of the patients had seen him exhibit money. Mr. Bowen had felt moved, after learning this, to cause the man's arrest, and compel him to pay for his board and attendance. The reporter called Mr. Bowen's attention to the fact that the character of the person who wrote the letter was not of the least consequence except in so far as it affected the truth of the statements regarding Louderdale's case. This led to a conversation which developed the fact that was substantially true.

LOUDERDALE DID FALL from the window. He was picked up, and was, after being taken into the hospital again, tied up in a mattress and blankets. Mr. Bowen stated that the man was perfectly crazy and that he had sat up with him three nights (having no assistants.) On the night of the accident he had placed Louderdale in a room by himself and stayed with him for some time. On leaving him for a few minutes, he heard an alarm on the outside. The man was lying upon the stones, but so far from being so badly hurt as to need carrying, he had walked back into the building with as much apparent ease as himself. His face was bloody, but upon the cuts being examined Mr. Bowen found them to be quite trifling—not nearly so serious as some he had himself received at various times in his life and which had given him no particular trouble. No teeth had been knocked out that he knew of. The man was cut on the forehead and about the face. It was necessary that the man should be kept from injuring himself, as he tied him loosely in his mattress and blankets, not, however, so as to hurt him at all. He was present when Louderdale died, as was also an old man, a convalescent patient. He was in the blankets and mattress when he died. Mr. Bowen conducted the reporter to the room from which Louderdale jumped to the rocks below. The window was fastened by a common spring catch. In Mr. Bowen's opinion Louderdale must have clutched the sill and let himself fall. The distance from the sill to the cobles and boulders is fully twenty feet, so that even accepting Mr. Bowen's theory the man must have had a fall of thirteen or fourteen feet—not a slight one for a sick man when the landing place is rough and rocky.

THE WHOLE CHARGE of the patients is with Mr. Bowen, and the neat and tidy appearance of everything inside and out of the hospital shows that he does a great deal of work. It is hardly fair to expect one man to be up day and night, and to keep close watch upon the occasional delirious fever or whisky patient. There should be a padded room with a barred window, and

power on Mr. Bowen's part to engage help when needed. That such an accident as the one described should have occurred in our hospital is a disgrace to Washoe county. It is also singular how an affair of the kind should have been kept so very quiet, and that the case of a man who fell out of a window twenty feet above ground between 8 and 9 o'clock in the evening, and died between 1 and 2 o'clock on the following morning, should not have attracted the attention of the Coroner.

## A RENO RANCH.

A Visit to the Jersey Farm—Some Fine Horses and Cattle.

A GAZETTE reporter yesterday spent several hours driving over the stock farm of Mrs. R. Hickman with the lessee and manager, W. A. Morrison. The ranch called the Jersey farm, is situated in Glendale about four miles out of town, and consists of 560 acres, 250 acres of which are sown with alfalfa and the remainder devoted to the various needs of a stock ranch. Some of the land is very productive, 250 tons of alfalfa having been obtained from 80 acres at one cutting. It is only by liberal irrigation, however, that the land is made productive at all. Running in every direction over the ranch are fifteen miles of irrigating and tributary ditches. Mr. Morrison is an enthusiast on the subject of fine horses and cattle, and he has some very handsome animals. Among the horses the reporter particularly noticed a young gray stallion, "Nicholas Nickleby," a three-year-old, sired "Bourbon," owned by A. K. Lamb, dam, bay mare "Kitty." He is a very handsome fellow, and weighs about 1250 pounds. In the next stall was "Jessie," a beautiful blooded bay filly, sired by "Bettie." She is a three-year-old, and weighs about 1200 pounds. Mr. Morrison has also a number of two-year-olds sired by "Bourbon."

Heading the cattle is a magnificent thoroughbred Durham bull, "King David" by name. He is only three years old, but already weighs about 2300 pounds. His royal ribs is a roan, and has a back as broad as Kearney's cheek. He is from Coleman Younger's ranch, at San Jose, California, and has a pure pedigree. "Dave" will show his points at the coming fair. Mr. Morrison holds him to be the finest thoroughbred in the State. A particular friend of his majesty is "Forest Rose," a deep-red thoroughbred Durham cow. She was bred by Coleman Younger, and has a pedigree too long for the GAZETTE to print. She is five years old. There are also several other handsome cows of the same stock, and also a sturdy yearling heifer, "Florence" by name.

The Jersey stock is headed by a thoroughbred Jersey bull with the patriotic name "Nevada," a beast of such ferocious aspect that the stock sharp of the GAZETTE merely raised his hat with a distant bow. The Jersey cows are beautiful beasts, with liquid eyes like those of a deer, and, unlike other cows, are not only graceful but intelligent. Maud, Jenny, Banty and Baby are the pretty names of four of these Jersey ladies, all of them famous as givers of extremely rich milk. Their cream yields on an average a pound and an ounce of butter to the quart. There are forty head of milch cows on the farm. The reporter among other things observed a couple of thoroughbred Cotswold ewes and a pen of Berk-hire pigs. Mr. Morrison has about 1000 tons of hay stacked and the second crop is almost ready for cutting. Forty acres are devoted to feed yards, supplied with feed-racks for the use of beef cattle in winter. The farm-house is a delightful place, having in front a flower garden, with shrubbery and ornamental trees. Behind is an orchard with 175 apple trees and current and gooseberry bushes till you can't rest. A pleasant rural home it would be hard to find, and the reporter felt that if he at any time should be induced to retire from distinguished public life he would be content to scoop in just such a place.

Democratic Central Committee.  
The Democratic County Central Committee, composed of B. F. James, Chairman, E. F. Reed, Secretary, J. G. Looper, John P. Richardson and F. Lemmon, met on Saturday last. It was decided to hold the primary election on Friday, August 30th, for the choice of 31 delegates to the County Convention, which will be held on September 5th. The County Convention will appoint ten delegates to the State Convention. The following is the apportionment: Reno, 10; Wadsworth, 3; Pyramid, 2; Duck Flat, 1; Peavine, 2; Verdi, 2; Glendale, 2; Mill, 1; Brown's, 3; Washoe, 2; Franktown, 3.

S. F. Hoole a Bankrupt.  
The Carson Tribune of Saturday contains the following: S. F. Hoole of Reno filed his application in bankruptcy with U. S. Clerk T. J. Edwards this morning. Mr. Hoole's assets are far above his liabilities and he has taken the benefit of the insolvency act for the protection of his creditors and family. The amount for which he has been pressed is comparatively small.

## REPUBLICAN MEETING.

Time for County Convention and Primaries—Inspectors and Test Determined.

At a meeting of the Washoe Republican County Central Committee held at the court-house to day, August 19, the following business was transacted, the full Committee, Messrs. Duck, Foulkes, Bell, Kelly, Kinney and Marker being present. The following resolutions were offered and became the subjects of discussion:

Resolved, That a Republican County Convention to nominate 1 Senator, 3 Assemblymen, 1 Sheriff, 1 Clerk, 1 Assessor, 1 Recorder, 1 Treasurer, 1 District Attorney, 1 Public Administrator, 1 County School Superintendent, 1 County Commissioner (long term), 1 County Commissioner (short term), Justices of the Peace, Constables, Road Supervisors and School Trustees for the various precincts, be, and the same is hereby called, to meet at the Academy of Music, Reno, at 10 A. M. on Saturday, September 28th, 1878.

Resolved, That on Tuesday, September 10th, 1878, primaries shall be held throughout the county, from 1 P. M. to 6 P. M., for the purpose of electing at large thirteen delegates to attend the Republican State Convention to be held in Eureka, September 18th, 1878, said delegates being hereby authorized to act in a judicial capacity in the nomination of a candidate for Judge of the 2d Judicial district; also for the election of delegates to the County Convention according to the apportionment made by this Committee.

Resolved, That the following shall be the apportionment of delegates to the County Convention:

Reno, 23  
Glendale, 2  
Wadsworth, 6  
Brown's, 4  
Verdi, 8  
Peavine, 1  
Pyramid, 2  
Washoe, 2  
Franktown, 3  
Mill (Mackay-Fair camp), 3

Resolved, That the following be and are hereby appointed Inspectors and Judges of Primary elections for the various Precincts:

Reno—Dr. F. Hutchins, M. M. Costa, Glendale—H. M. Frost, Louis Dean, Wadsworth—Wm. McPherson, J. W. Holbrook, Brown's—J. C. Haynes, W. F. Everett.

Verdi—J. F. Condon, S. A. Hamlin, Peavine—S. K. Barber, L. D. Wickes, Pyramid—Jno. Hymers Doc. Wood, Washoe—W. H. Joy, D. D. Grannis, Franktown—Nat Holmes, W. E. Rice, Mill (Mackay-Fair's Camp)—R. H. Wright, A. H. Hollister.

Resolved—That all members of other political organizations be prohibited from participation in the primaries, and that the following be the test for members of the Republican party, to-wit: First,—Are you a citizen of the United States and State of Nevada, or will you be a lawful voter at the ensuing election? Second—Will you support the nominees of the Republican State and County Convention at the next election.

Resolved—That the Republicans of the various precincts are requested to take immediate steps for the formation of clubs, to the end that every vote may be brought out at the election, it being one of the most important ever held in the county, and also from a National and State standpoint, as "eternal vigilance is the price of liberty."

Mr. Foulkes opposed the resolutions, and wanted the reading changed so as to separate the election of State and county delegates, and make two primaries. Mr. Foulkes thought that the time was too long, and it would throw the door open for jobbery and too much influence upon the delegates. Mr. Kelley differed with Mr. Foulkes' view.

Neither of the gentlemen, however, thought it a matter which should occasion decided difference. The committee decided against Mr. Foulkes' amendment, and for the resolutions as presented, by the following vote: Ayes—Messrs. Duck, Bell, Powning, Kelley. Nays—Foulkes, Kinney, Marker.

It was resolved that the call for convention and primaries be published in the Reno GAZETTE and Nevada State Journal.

On motion the Committee adjourned to meet at the call of the chairman.

### SIMMOND'S NABOB WHISKY.

A GREAT REMEDY.

**SIMMOND'S**

**NABOB**

**WHISKY.**

—FOR—

**Indigestion, Dyspepsia and Nervousness.**

**The Purest and Best**

—FOR ALL—

**Medicinal and Family Purposes.**

HAS BEEN SOLD IN ALL THE EASTERN STATES AND GIVEN UNIVERSAL  
satisfaction. It is highly recommended by the Faculty for all cases of Nervousness,  
Weakness, Debility, Dyspepsia, Indigestion, etc.

It is now introduced to the public of the Pacific Slope, endorsed by certificates of the eminent  
DR. J. HAYES, State Assessor of Massachusetts, and DR. H. C. LOUDERBACK of St.  
Louis, Mo., both gentlemen prominent in their profession, and which is a guaranty to all  
buyers of its purity and quality.

I can show thousands of letters from private persons, from all parts of the Union and Canada,  
testifying to its merits and the benefit it has afforded, as a family remedy and tonic.

Dyspepsia is called the national disease of this country, and many reasons why have been  
given. It is frequently said that people work too much, eat too fast, sleep too little, tax the  
powers of nerve and brain too incessantly, drink too much ice water, eat too much hot bread,  
smoke too much tobacco, give way to too much excitement, and consequently play themselves  
out in the shortest possible time. "A short life and a merry one" seems to be the  
sentiment that chiefly influences a large number of persons, but for all that no person feels at  
ease when suffering in health. Now, however, much or little truth should be attached to the  
opinion of physicians who charge the great prevalence of dyspepsia and nervousness to any  
of the causes mentioned, it cannot be denied that there are some applications received by  
druggists throughout the country for medicines to relieve and cure stomach and nervous pains  
and disorders, and all other maladies that afflict frail humanity. As might be expected under  
the circumstances, a large number of specific to successfully counteract these diseases have  
been introduced to the attention of the public, but nearly all of them have failed to do any  
good. Whenever, therefore, any alleged new remedial agent is spoken of, very little confidence  
is felt in it by reason of numerous past disappointments, so that people who are  
chronic sufferers from dyspepsia, indigestion, physical weakness, or nervousness almost  
despaired of being cured. They, however, take too despondent a view of the matter, for those  
who have used the celebrated NABOB WHISKY, which can be had from all respectable  
druggists and grocers, know by experience that it is a sure remedy for all the maladies re-  
ferred to, and that its tonic properties are of the most strengthening character. Many persons  
found it impossible to properly digest a single meal, and whose physique had been sadly  
attenuated, have derived immediate benefit from the NABOB WHISKY, and in a short time,  
by its regular use, regained all their health and strength. It can be taken with impunity, as  
no drugs are incorporated with it, and its healthy action on the human system is at once felt.  
The effect which it produces on the organs of the stomach is such as to create a vigorous  
appetite and render digestion easy, no matter what the habits of the sufferer may be, and it at  
the same time steadies the nerves and stimulates the brain. There are no fictitious claims for  
the great remedial agent, so that all persons who are troubled with dyspepsia or nervousness  
would be false to themselves if they failed to test its curative qualities. Its sale is rapidly  
on the increase, and the better it is known the more it is used.

CAUTION—None genuine unless labeled with my signature over the cork.

For the Permanent Cure of all Special  
and Chronic Diseases, as also all  
Female Complaints and  
Diseases of the Nervous System.

THE IMMENSE DESTRUCTION OF  
human life annually from secret and  
chronic diseases, caused this old and reliable  
institution to be established, first in Philadelphia,  
Penn., in 1850, and afterwards in San

in order to afford the afflicted the best

and all other ailments and complaints. Consultation  
at the Institute, or by letter, FREE

To the Afflicted:

Dr. L. J. Czapkaay would most respectfully  
call the public of the Pacific coast to, at  
the earnest solicitation of his numerous  
friends, and hundreds of those unfortunately  
afflicted with disease, he has reopened his  
MEDICAL AND SURGICAL INSTITUTE  
and resumed the practice of his profession.

The Doctor would remind all those who are in  
need of medical aid, that since relinquishing  
his very extensive and successful practice in  
San Francisco, Cal., in 1854, as a private dispensary,  
he has visited the principal  
cities in Europe, inspecting diligently the  
experience of the most learned in the profession,  
the benefit from which he offers to all in need  
of his services. Rheumatic affections, chronic  
catarrh, diseases of the stomach and kidneys,  
liver complaints, etc., successfully treated.
